

# Securly Home- Parent App

Lincoln County Schools is providing a new resource to parents: The Securly Home App

This app will allow parents to monitor Internet history and modify at-home usage policies for their students' LCS district issued device. Parents that have a valid email address on file will receive an enrollment invitation email during the month of November.

Features:

- **View Internet History for each student**
- **Control access hours for Internet at home**
- **Set more restrictive category access for Internet at home**
