August 1, 2016

Dear Parents and Volunteers,

In observation of the Lincoln County Board of Education Policy #5015 for volunteering, we are required to "perform adequate screening of volunteers based upon the amount of contact they will have with students." Lincoln County Schools recognizes the contributions that school volunteers can make to the learning process and educational goals of the school district. Instructional programs are enhanced through the participation of community members, local business and industry, and parents of students. These volunteers contribute time, resources and expertise to help ensure educational success for all students. Lincoln County Schools is required to complete a criminal background screening for all volunteers to help ensure that students are safe in a school environment. The criminal background screening of volunteers is crucial due to the vulnerability of the school-aged population we serve.

Please Note: If you have more than one student at the same school you only need to complete one form per person/volunteer. Please return this form to your youngest child's teacher.

*****Active Lincoln County Schools employees, including substitutes, DO NOT need to be screened.**

<p>Consent of Criminal Background Screening The following must be completed and your full name must be printed clearly.</p>
